

# RATE CARD / AGENCY

EFFECTIVE FROM DEC 1, 2011 TO NOVEMBER 31, 2012

# HOW TO USE THIS RATECARD

## Using the APN Regionals ratecard

The APN Regionals offer a huge variety of mass-market and targeted advertising environments for advertisers. We recommend you speak with your account manager to establish which options best suits your business.

Once you have selected a product or range of products, position, and advertising frequency, you need to give thought to the size of your advertisement. While your account manager may recommend certain key sizes to gain placement opportunities, customers are welcome to custom-build their own insertions.

**Ad sizes** are generally described as their depth in centimetres, by their width according to the number of columns they occupy, eg: 20cm by 3 columns or simply '20x3'. The table below lists the actual column widths in millimetres.

Once you have established your ad size, please refer to the 'How to calculate your rate' table opposite, and consult the rate listings on the next page to establish the cost of your ad insertion(s).

Please note that loadings do apply if you require a specific page or specific placement on the page – see

**'Guaranteed placements'**.

## Column widths by publication

Note that APN Regional papers advertising grids have different column widths. The majority of Daily Pages use a 'Display' grid divided into 10-columns on a broadsheet page and 7 or 8 columns on a tabloid page.

COLUMNS	1	2	3	4	5	6	7	8	9	10	11
<b>Broadsheet Display (10-col)</b>	34.1	72.4	110.7	149	187.3	225.6	263.9	302.5	340.5	378.8	
<b>Broadsheet Classifieds (11-col)</b>	32.2	66.1	100	133.9	167.8	201.7	236.6	269.5	303.4	337.3	371.2
<b>Tabloid Display (7-col)</b>	36	74	112	150	188	226	264				
<b>Tabloid Classifieds (8-col)</b>	32.2	66.1	100	133.9	167.8	201.7	236.6	269.5			
<b>Tabloid Display (8-col)</b>	31	64	97	129	162	195	227	260			
<b>Tabloid Classifieds (8-col)</b>	32.2	66.1	100	133.9	167.8	201.7	236.6	269.5			

In some sections, production processes may cause the original size to vary slightly but advertisements will be charged at original size. For standard advertising sizes please see Mechanical Specifications on [soldonapn.co.nz](http://soldonapn.co.nz)

## How to calculate your rate

To work out the cost of your ad, follow the steps below.

<b>STEP 1</b>	You must first know the size (col/cm) of the advertisement you require. To calculate this, simply multiply the depth of your ad (in centimetres) by its width (measured in the number of columns), eg: <b>20cm x 3 col = 60 col/cm</b>
<b>STEP 2</b>	Refer to the relevant product within this rate card to locate your rate, and multiply this by your col/cm figure, for example if you wish to place a 20x3 ad in Wednesday's edition of The New Zealand Herald, run of paper: <b>60 col/cm x \$48.46 (the rate) = \$2,907.60</b>

All rates included in this rate card are exclusive of GST.

## Terms and conditions

**Position availability** – all position requests are based on availability and should be discussed with APN New Zealand prior to booking confirmation; **Cancellation fees** – any cancellation of front page solus less than 14 days from publishing date will incur a 100% cancellation fee. All other advertisements will incur a 100% cancellation fee if cancelled after the booking deadline; **Late material fee** – a fee will be charged (10% addition to total ad cost) for any advertising material delivered after material deadline; **Non-monthly account holders** will incur a \$5 administration fee on all advertising placed in APN NZ publications. For full terms and conditions applicable to advertisements and notices, and for an up-to-date list of all deadlines and specifications, visit [soldonapn.co.nz](http://soldonapn.co.nz) or contact your Account Manager.
